

BEFORE YOU BEGIN

Read these instructions and check to be sure all parts and tools are accounted for. Please retain these installation instructions for future reference.

IMPORTANT

This rear fender light is exclusively designed for your motorcycle. Please read the installation instructions thoroughly before beginning. Installation is easier if the motorcycle is clean and free of debris.

INSTALLATION INSTRUCTIONS

Note: Shift motorcycle transmission into "PARK". Turn key to "OFF" position and remove from motorcycle.

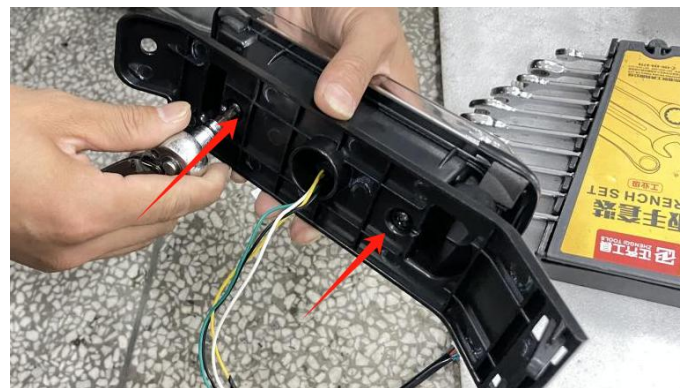

1. Products Display:

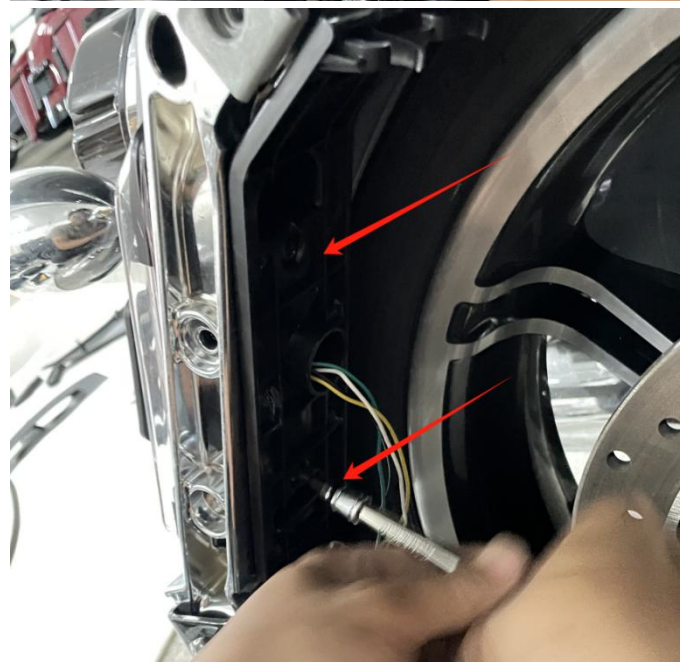

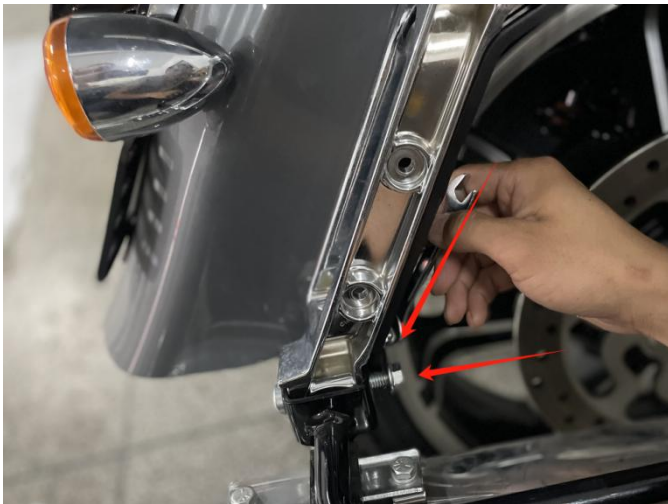

2. First remove the original side box storage box on both sides of the car and unscrew the 2 original screws from the tail light mounting place. As the picture shows:

3. Prepare the new taillight, remove the mounting housing of the new taillight and install the mounting housing of the new taillight on the original vehicle, securing it with the original screws that were just removed. As the picture shows:

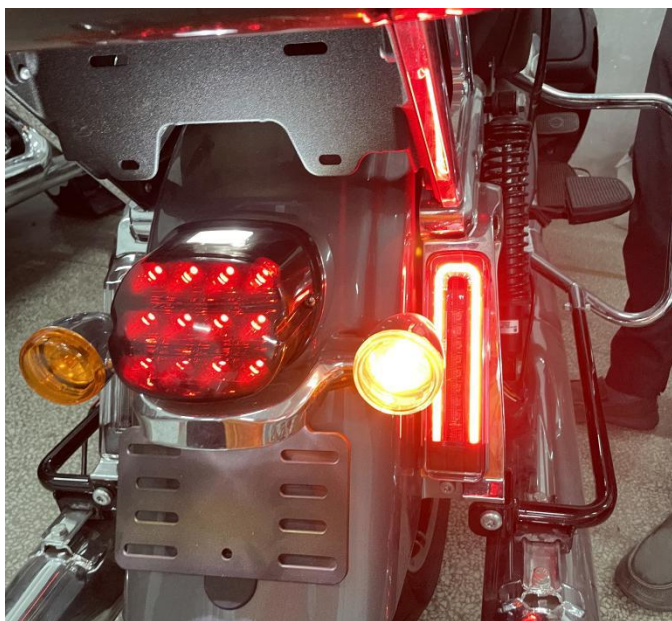

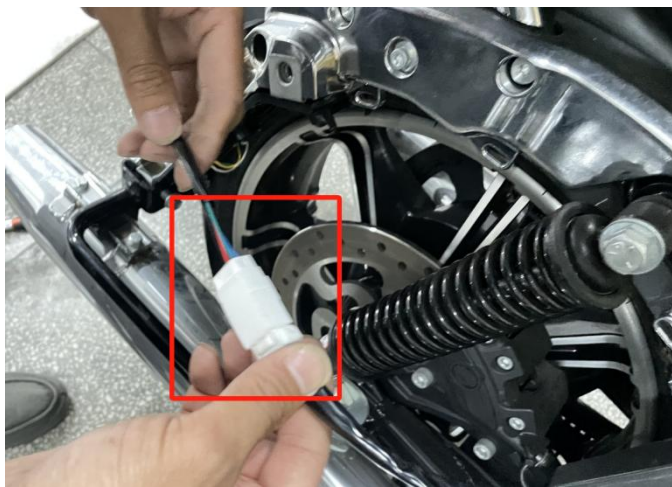

4. Stick the sponge pads in the kit on the 4 corners of the tail light rear shell, then install the tail light on the original car and finally use the nuts to fix it. (The other side of the tail light is installed in the same way). As the picture shows:

5. In the original car cushion under the tail, find the original wiring harness plug-in and disconnect it, and then use the new taillight supporting adapter cable, re-connect the corresponding, and the other two extension cables were connected to the taillight on the wiring harness plug-in, complete the car to start to see the taillight is normally on (mainly to check the left and right steering function of the taillight and the switch to operate in the same way, such as the opposite state, and the other side of the taillight to change the adapter). (If the opposite state occurs, replace the adapter wire with the other side of the tail light), make sure that there is no error, then you can install back to the two sides of the side box storage box. As the picture shows:

Rear Fender Light for Harley Ultra Limited 2014-2024

VST-010102-020

6. Installation is complete.

Note: Please refer to the installation video in the Amazon listing before your installation, or contact the seller for the installation video.
