

Saddle Shield Heat Deflector for Harley Breakout

VST-010103-036

BEFORE YOU BEGIN

Read these instructions and check to be sure all parts and tools are accounted for. Please retain these installation instructions for future reference.

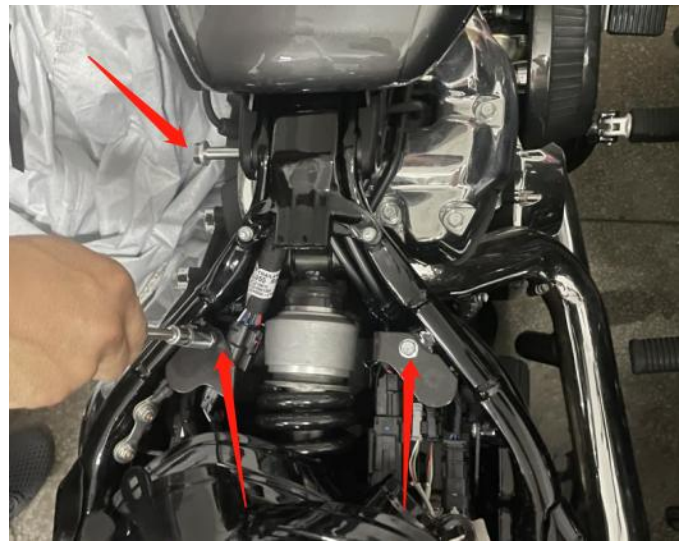

IMPORTANT

These saddle shield heat deflectors are exclusively designed for your vehicle. Please read the installation instructions thoroughly before beginning. Installation is easier if the vehicle is clean and free of debris.

INSTALLATION INSTRUCTIONS

Note: Shift vehicle transmission into "PARK". Turn key to "OFF" position and remove from vehicle.

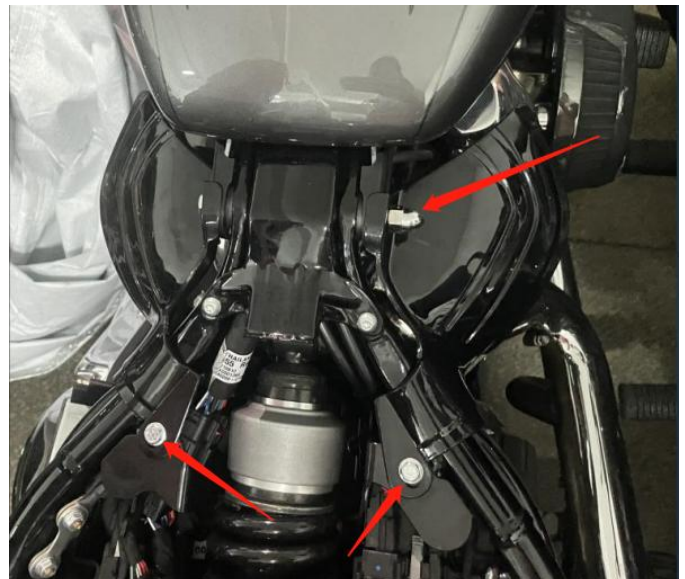

1. First, remove the original motorcycle seat. Shows as the picture:

3. First, distinguish the left and right sides of the heat shield. Then install the heat shield on the motorcycle and fix it with the removed original car screws. Lastly, put the original motorcycle seat back on. Shows as the picture:

2. Refer to the place indicated by the arrow in the picture and remove the screw. Shows as the picture:
